

WEEKLY NEWSLETTER NO. 33

March 20, 1957
25X1A6a

Received weekly reports from the [REDACTED] dated 15 March 1957
and from Detachment B dated 13 March 1957. Also received personal
25X1A9a
letter from [REDACTED] which will be answered today and a personal
25X1A9a
letter from [REDACTED] dated 15 March.

Activities at Detachment B are slow with some air swinging of
25X1A9a
the compass. No word from [REDACTED] at Detachment A for the past
25X1A6a
week. The FOG group moving into [REDACTED] now that C has deployed.
The men that we trained last fall in sextant maintenance will begin
25X1A6a
work at [REDACTED] within a week.

Retrofits going well. We expect to ship No. 2 and No. 6 back
25X1A9a 25X1A6a
to [REDACTED] at [REDACTED] within a week and hope to receive No. 7
from Detachment B within three weeks.

Work on the computer progressing nicely with layout and
detailed drawings currently being made. The Mark III handles are
now in production and the first lot should be delivered about the
middle of April.

Until next week,

George
